

DGKL 2024 Conference Program (Version: 04 September 2024)

Wednesday, 4 Sept 2024					
8:00	8:00-9:00 (11/ground floor)				
8:30	Registration				
9:00	9:00-9:30 (11/E08) Conference Opening				
9:30	9:30-10:30 (11/E08)				
10:00	Plenary Talk 1: Ev Fedorenko: The language system in the broader landscape of the human brain Chairs: Kim-Kristin Droste & Lara Höttecke				
10:30	Coffee Break				
	General Session W1.1 (11/215) Chair: Alexander Willich	General Session W2.1 (11/214) Chair: Masaru Kanetani	Theme Session: Revisiting the Usage-Based Approach to Language Learning and Teaching: Research Trends and New Avenues (11/211)	Theme Session: Second language learning and teaching of motion event constructions (11/212)	Theme Session: Cognitive approaches to written language (11/213)
11:00	Frames-in-Interaction: Synergies between Argumentation Analysis and Frame Semantics Spiess, Oliver	Multimodal Frame Blending and Construction Grammar: meaning and form in the 'speech-gesture' construction of 'we will go back' in RT's talk show Wilson, Anna; Pavlova, Irina; Uhrig, Peter	Focus on Usage-Based Approaches to Language Learning and Teaching. Suñer, Ferran; Roche, Jörg	Second language learning and teaching of motion event constructions Madlener-Charpentier, Karin; Liste Lamas, Elsa	Cognitive approaches to written language Hartmann, Stefan; Meletis, Dimitrios; Nowak, Jessica; Berg, Kristian
11:30	Elaborating pragmatic frames: how they can be used to model stancetaking in punk discourse Neumair, Phillip Alexander	Oh multimodality, where art thou? On 'raised eyebrows' as a construction and its place in the constructicon. Lehmann, Claudia	A critical evaluation of Usage-Based Approaches in Language Education: A Systematic Literature Review Suñer, Ferran; Della Putta, Paolo; Samu, Borbala	L2 acquisition of voluntary and caused motion: a case of crosslinguistic influence or acquisitional path? Anastasio, Simona	A longitudinal, corpus-based study of effects of statistical learning on spelling development Wieler, Joshua; Laarmann-Quante, Ronja; Berg, Kristian; Belke, Eva

12:00	Determining Semantic Similarities Between Constructions Using Frames Böbel, Nina; Sandkühler, Phillip; Ziem, Alexander	The usualization of the pragmatic marker "not gonna lie" Benker, Nicole Marie	Applying cognitive corpus linguistics to multi-word verb pedagogy Millar, Elaine	The acquisition of motion events construal by German learners of L2 Italian: Do learners adapt to new lexicalization patterns and semantic constraints? Michelotti, Anna; Engemann, Helen	Morphographemics: How morphological boundaries affect spelling variation Berg, Kristian; Hartmann, Stefan
12:30	12:30–14:00 Lunch Break				
13:00					
13:30					
	General Session W1.2 (11/215) Chair: Alexander Ziem	General Session W2.2 (11/214) Chair: Thomas Hoffmann	Theme Session: Revisiting the Usage-Based Approach to Language Learning and Teaching: Research Trends and New Avenues (11/211)	Theme Session: Second language learning and teaching of motion event constructions (11/212)	Theme Session: Cognitive approaches to written language (11/213)
14:00	The Use of Metaphors in Politics: Deliberate, Purposeful, or Rhetorical? How to Analyse the Language of Presidential Elections in the USA Jäkel, Olaf	Digitales Stance Taking als Metasprachliche Identitätsarbeit in Sozialen Medien Lepka, Diana	Are All Practice Sentences Equally Helpful in L2 Learning? Exploring Prototype Effects in Grammar Teaching Wirag, Andreas; Huse, Elvira	Manner beyond boundaries: How native and L2 Spanish speakers encode boundary crossing events Calle Bocanegra, Rosalía; Podlipský, Václav Jonáš	Can (elements of) writing grammaticalize? The development of sentence-internal capitalization in German as a test case. Nowak, Jessica
14:30	Conceptualizing Metaphor Use in The Brookings Institution's Foreign Policy Guidance Hallin, Katherine	Simulated interactions in Internet memes and tweets Dancygier, Barbara; Vandelanotte, Lieven	Applying Cognitive Grammar to the Count/Mass Distinction: Towards an Ecological Approach Involving Practitioners Romero Muñoz, Eloy; Decorte, Remy; Dachet, Dylan	Motion event descriptions by German L2 learners of French Ulmer, Carolin	The secret of letter shapes: exploring grapho-phonemic systematicity in human writing system. Jee, Hana
15:00	Living with depression and dementia – a critical conceptual	Persistence of subjective meaning in grammaticalisation:		The encoding of motion events in the Italian of Czech, Slovak, and American English users	'Every language gets the writing system its users can process':

	metaphor analysis of two virtual health communities Pleyer, Monika	periphrastic progressives in German Zeschel, Arne; Bildhauer, Felix; Weber, Thilo		Mocciaro, Egle; Russi, Cinzia; Luongo, Silvia; Nahálková, Magdaléna	Exploring the relation between the linguistic and processing fits Meletis, Dimitrios
15:30	Coffee Break				
	General Session W1.3 (11/215) Chair: Thomas Herbst	General Session W2.3 (11/214) Chair: Peter Uhrig	General Session W3.3 (11/211) Chair: Arne Zeschel	Theme Session: Second language learning and teaching of motion event constructions (11/212)	Theme Session: Cognitive approaches to written language (11/213)
16:00	“Das kannst du einem erzählen, der sich die Hosen mit der Kneifzange anzieht”, “No me vengas con milongas”. Eine konstruktionsbasierte Studie aus kontrastiver Sicht (deutsch-spanisch) Mansilla, Ana	Default Precision: A Different Perspective on the Interpretation of Round Numbers Katzir, Nicole; Ariel, Mira	My upenergy brother: Constructional productivity and acceptability ratings of neologisms Droste, Kim-Kristin	Learning to Talk about Motion in a Typologically Different Language: a Holistic Spatial Semantics Analysis Vesnina, Nataliia	When good-enough production is not good enough Gedik, Tan Arda; Dabrowska, Ewa
16:30	Exploring cross-linguistic prepositional patterns: A cognitive linguistic study of prepositions governed by nouns in German, and their equivalents in English, Polish, and Ukrainian Fokashchuk, Iryna	Scale structure predicts adjective production in child language Uhlemann, Charlotte; Gotzner, Nicole	Step by step – Exploring the constructional network(s) of NPNs Höttecke, Lara	Different L1s, similar paths? Motion event encoding by L1 Spanish and L1 Danish L2 users of German Liste Lamas, Elsa	Commas & Cognition – An online approach to individual variation in comma forms in handwritten language Romstadt, Jonas; Reinken, Niklas
17:00	I see what you are trying to do. Siehst du, der kann schon Englisch. Investigating metaphor use in German-English bilingual children Julich-Warpakowski, Nina; Quick, Antje	The effect of occurrence profile on the phonetic realization of English adjectives Lohmann, Arne	Expansion of IAW phrases in German: Comparing [zu X] and [bei X] Schoonjans, Steven	Is Sylvester running away or is he leaving quickly? Onomasiological study of the multimodal expression of motion events in French and Dutch as L1 and L2 Piot, Christina	Typing morphology – A keyhole into processing? Muschalik, Julia

17:30	Coffee Break
18:00	18:00-19:00 (11/E08)
18:30	General meeting of the German Cognitive Linguistics Association/Mitgliederversammlung der DGKL
	19:00 Welcome Reception

Thursday, 5 Sept 2024					
9:00	9:00-10:00 (11/E08)				
9:30	Plenary Talk 2: Lotte Sommerer: Of outlaws and oddballs: non-canonical constructions in language change Chair: Thomas Herbst				
10:00	Coffee Break & Poster Session Torwarth, Claudia: Investigating the stability of probabilistic grammar: a corpus-based analysis across fine-grained registers Bartsch, Marie-Louise: Modelling Modality Context Based: A Usage-Based Approach on German Modal Verbs wollen (want) and sollen (shall) Cane, Edmond: Re-evaluating building blocks in view of corpus design – a constructionist annotation model				
	General Session T1.1 (11/215) Chair: Axel Bohmann	General Session T2.1 (11/214) Chair: Stefan Hartmann	Theme Session: Die Bedeutungsebene von Wortbildungskonstruktionen (11/211)	Theme Session: Second language learning and teaching of motion event constructions (11/212)	Theme Session: Chunking phenomena and phonological reorganization in spoken interaction (11/213)
10:30	The Impact of Language on Neural Representations of Color Perception: A brain-constrained neural model Tomasello, Rosario; Shaman, Kai; Dobler, Fynn; Pulvermüller, Friedemann	A Dynamic Network Approach to bilingual child data Quick, Antje; Hartmann, Stefan; Koch, Nikolas; Ibbotson, Paul	Die Bedeutungsebene von Wortbildungskonstruktionen Bücken, Jörg; Michel, Sascha	“Priming-for-learning”: Implicit learning of French L2 motion event constructions in adult L1 German speakers Toews, Anna; Engemann, Helen	A constructional perspective on the relationship between sound and morphosyntax: evidence from phonetic reductions Fried, Mirjam; Macháč, Pavel
11:00	Verbal symbols support concrete but enable abstract concept formation: Evidence from brain-constrained deep neural networks Dobler, Fynn Raphael; Henningsen-Schomers, Malte R.; Pulvermüller, Friedemann	Becoming flexible: Lexical flexibility in the acquisition of the ditransitive construction Patrizzi, Laura	What is the meaning of a derivational affix? What distributional semantics can and cannot tell us Schäfer, Martin	A usage-based approach to teaching Japanese native speaking L2 Hungarian learners: Examining encoding patterns of multiply-specified trajectories Eguchi, Kiyoko; Kruszlicz, Tamás	Phonetic reductions and chunking. Methodological considerations on the basis of discourse markers Bergmann, Pia
11:30	Does spelling (need to) reflect the morphological structure of compounds? Rietzschel, Elisabeth	Constructions in child-directed speech Bunzeck, Bastian; Diessel, Holger	Ergebnisse von Derivation? Partizipiale Adjektive konstruktionsgrammatisch betrachtet	Thinking-for-speaking in audio descriptions across English and Spanish Cifuentes-Férez, Paula; Alonso	Referential sound patterns in spoken German Bauer, Nathalie; Lanwer, Jens

			Lieboldt, Stephanie	Alonso, Rosa; Molés-Cases, Teresa	
12:00	12:00-13:30 Lunch Break				
12:30					
13:00					
	General Session T1.2 (11/215) Chair: Michael Pleyer	General Session T2.2 (11/214) Chair: Jenny Audring	Theme Session: Die Bedeutungsebene von Wortbildungskonstruktionen (11/211)	Theme Session: Non-finite causal constructions in English and beyond (11/212)	Theme Session: Chunking phenomena and phonological reorganization in spoken interaction (11/213)
13:30	Modelling grammaticalisation trends in World Englishes: Macro-level or micro-level explanations Neels, Jakob; Leuckert, Sven; Lohmann, Arne	The 5C Model of Constructional Creativity Hoffmann, Thomas	Wortbildung in Verschwörungstheorien: Zur Verschränkung von Konstruktionsmorphologie und Diskurssemantik Stumpf, Sören	Non-finite causal constructions in English and beyond Konvička, Martin	Phonetic evidence for lexical chunking in pragmatic formulas Zeschel, Arne; Knöbl, Ralf
14:00	Rescuing grammaticalization from construction hegemony: one isolated case study. Ziegeler, Debra Phyllis; Basile, Carmelo Alessandro	How productive are speakers with the morphological patterns of their language really? Dabrowska, Ewa	Frame-Semantic Perspectives on Word Formation Constructions: Studies on German Nominal Compounds and Particle Verbs Willich, Alexander	Two strategies for compressing and familiarizing information: It-sounds-familiar-because-compressed constructions Kanetani, Masaru; Cappelle, Bert	High frequency chunks as a challenge for the analysis of dialect standard continua Schürmann, Timo
14:30	The Development of the Evaluative-Attribution-Construction in Modern English Stampfer, Veronika	Identifying semantic sub-constructions of the V-ing pattern Patel, Malin	Aktionsarten und Konstruktionsgrammatik. Möglichkeiten einer Modellierung anhand Präfix- und Partikelverben des Deutschen. Führer, Bastian	Interjections in the because X construction: What do they refer to? Tamura, Shin	Wrap-up: Chunking phenomena and phonological reorganization in spoken interaction Bauer, Nathalie; Lanwer, Jens; Schürmann, Timo
15:00	Coffee Break				
	General Session T1.3	General Session T2.3	Theme Session: Die	Theme Session: Non-finite	General Session T3.3

	(11/215) Chair: Antje Quick	(11/214) Chair: Nikolas Koch	Bedeutungsebene von Wortbildungskonstruktionen (11/211)	causal constructions in English and beyond (11/212)	(11/213) Chair: Arne Lohmann
15:30	Enhancing Construction Grammar through Multidimensional Regularity Analysis. The case of question tags. Schmid, Hans-Jörg; Rietzschel, Elisabeth; Würschinger, Quirin	Inferred vs. actual knowledge presuppositions: two different categories of intersubjective constructions Sousa, Clara	From freizügig to blauäugig: What's the family of morphological A-N-ig constructions doing in the German Constructicon? Audring, Jenny; Ziem, Alexander	Because math: Intersubjectivity and verbal aggression in because N constructions Bergs, Alexander	Cooperation, Cognition and the Sound of Silence: The Role of Inter-Turn Speech Pauses in Assessing Cooperativeness Matzinger, Theresa; Pleyer, Michael; Zhang, Elizabeth Qing; Żywicznyński, Przemysław
16:00	(Post)Nuclear tag-questions beyond linguistic markers of powerlessness: an evidence of male communication. Reinforceability of implicatures and stances. Khrystenko, Oksana	Pragmatics and Autism: how do autistic adults interpret presuppositional sentences? Portela, Brendha	ratlos, vergangenheitslos, faltenfrei – how to deal with the affective content of German affixes of negation within a construction-grammatical approach Hein, Katrin	Because XYZ: How many non-canonical because-constructions are there? Bohmann, Axel	WOW!!!, Hä!?! and Hallo :) – temporal cognition, German interjections, and emotively encoded performance structures Noel, Patrizia
16:30	The role of construction evoking elements Herbst, Thomas Richard	Mit Interaktiven Grammatikanimationen Konzeptualisierungen begreifbar machen. Ein quasi-experimentelles Forschungsdesign zur Testung grammatischer Kompetenzentwicklung Pust, Daniel	Wortbildung in "Die Instagrammisierung der Welt": Semantik und Pragmatik der produktiven Verwendung von -isierung Hüning, Matthias	A snapshot of the emerging 'because-X' construction Bailey, Laura R.; Cook, Eleanor; Kim, Christina S.	Emotional Agreement: Interplay of Negativity and Referent Valence in Interpreting Expressive Adjectives Glauch, Kalle
17:00	Coffee Break				
17:30	17:30-18:30 (11/E08)				
18:00	Plenary Talk 3: Bert Cappelle: Construction grammar: A foundation inspection Chair: Alexander Bergs				
	19:00 Conference Dinner				

Friday, 6 Sept 2024					
	General Session F1.1 (11/215) Chair: TBA	General Session F2.1 (11/214) Chair: Ad Foolen	Theme Session: Die Bedeutungsebene von Wortbildungskonstruktionen (11/211)	General Session F3.1 (11/212) Chair: Steven Schoonjans	General Session F4.1 (11/213) Chair: Claudia Lehmann
9:00	An Experimental-Semiotic Approach to the Emergence of Metaphor and Polysemy in Interaction Pleyer, Michael; Namednikava, Darya; Karkowska, Klaudia; Kuleshova, Svetlana; Placiński, Marek	“Jetzt habe ich voll die Panik” – Prototype effects and pragmaticalization of NP-external intensifiers in German Politt, Katja; Willich, Alexander	Integrating discourse-based knowledge into the meaning of name-based word formation. The case of proper name conversion Kleineberg, Désirée; Kutscher, Anna; Belosevic, Milena	Reframing Green Technologies to Facilitate Creative Product Innovation Processes Fischer, Kerstin	Counterfactual conditionals in American English: Beyond collostructional analysis Olguin Martinez, Jesus; Gries, Stefan Th.
9:30	Metaphorical meaning dynamics: Identifying patterns in the metaphorical evolution of English words using mathematical modeling techniques Hull, Peter; Teich, Marie	Identifying the cognitive processes behind paradigms: A domain-general approach Soto Setzke, Rafael	Naming and the meaning of compounds ten Hacken, Pius; Panocová, Renáta	CONTACT-SPECIFICATION CONSTRUCTIONS in English and German Habermann, Mechthild; Stampfer, Veronika; Herbst, Thomas	Cue timing trumps syntactic transparency in sentence processing Fernandez Santos, Sara; Llompарт, Miquel; Dabrowska, Ewa
10:00	The historical linguistics in the cognitivist framework Cane, Edmond; Jaupaj, Artur	Studying superordinate referring expressions with a concept-level reference game Kobrock, Kristina; Uhlemann, Charlotte; Gotzner, Nicole	The role of meaning in assessing morphological productivity: What can distributional semantics tell us? Hartmann, Stefan	[Vpast now] and [now Vpast] – Two sides of the same constructional coin? Benen, Marie-Christine	Multivariate collostructional analysis via association rules Jensen, Kim Ebensgaard; Gries, Stefan Th.
10:30	Coffee Break				
11:00	11:00-12:00 (11/E08)				
11:30	Plenary Talk 4: Nik Gisborne: Parallel evolution and emergent category structure Chair: Thomas Hoffmann				
12:00	12:00 (11/E08) Conference Closing
