Osnabrück University’s Partnership Scholarship

Summer Semester 2019

Call for Applications & Application Form

November 2019
Call for Applications: Partnership Scholarships for the Summer Semester 2019

Osnabrück University's International Office is awarding partnership scholarships to exchange students from international partner universities for the summer semester 2019.

1. Eligibility & Selection

The International Office invites international students who are currently enrolled at their home institution and who have been nominated to study abroad at Osnabrück University during the summer semester 2019 to apply for partnership scholarships.

A scholarship may not be awarded if the student already receives or will receive financial support from public funds for their stay at Osnabrück University. In particular, a student is not eligible to apply if he or she receives financial support from public institutions or private institutions funded partially or entirely by public agencies (i.e. ERASMUS, DAAD, etc.). Short-term stays of less than three (3) months or internships without being enrolled at Osnabrück University also result in ineligibility.

A selection committee will assess applications against the following criteria:

- Proven academic record
- Motivation (demonstrating in which ways studying at Osnabrück University will be beneficial for both their academic career as well as their personal development).

2. Duration and Amount of the Scholarship

A partnership scholarship amounts to 300,- € per month and may be requested for up to five consecutive months. If the study period ends prematurely, students are required to inform the International Office. This may result in a partial loss of the scholarship.

3. Application

The following documents need to be sent to Mr. Benjamins until 01 February 2019 via email:

- Application form
- CV
- Letter of Motivation (in German or English)
- Recent report from a university lecturer at the home institution (can be sent both by the professor or the student)
- Current certificate of enrolment
- Transcript of Records
- Proof of German language proficiency (if applicable)
- Proof of English language proficiency (if (1) no German skills are present and (2) English is not the native language)

For additional information, feel free to contact Mr Benjamins via email (malte.paolo.benjamins@uni-osnabrueck.de) or phone (+49 541 969-4972). We look forward to receiving your application and welcoming you to Osnabrück!
**Application Form for a Partnership Scholarship**

**Gender:**  
- [ ] female  
- [ ] male

**Nationality:**

**Family name:**  
**First (given) name:**
