

»Career *direct*«

A program for doctoral candidates,
postdocs and junior professors

The »Career *direct*« program offered by the PhD/ Postdoc Career Center provides bespoke support to young researchers seeking to develop their careers. Specific measures are supported in career transition phases within academia or outside it.

The program »*Career direct*« supports young researchers with specific measures:

◆ Preparation for application procedures and appointment processes

application portfolio checking service,
Individual one-on-one coaching to prepare for interviews, appointment discussions, etc.

◆ Targeted establishment of professional networks within academia and outside it

reimbursement of travel expenses for visiting (international) network partners (only for travels that are directly related to the next career step), reimbursement of costs for participating in job fairs and specialist trade fairs, etc.

◆ Self-marketing

creating profiles on social platforms/online networks (e.g. XING, LinkedIn, femconsult, own website, etc.)
