

Global Citizenship and Sustainable Futures: Learning for Change

“Global citizenship and collaboration are the keys to addressing the most pressing issues of our times.”

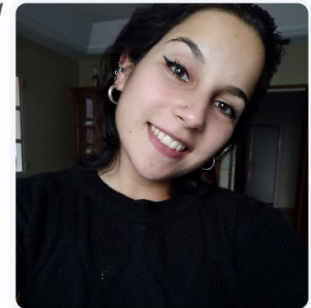

Melanie Leon,
James Madison University, USA

Global Citizenship and Sustainable Futures: Learning for Change

“The program provides a comprehensive overview of the Sustainable Development Goals (SDGs), the challenges involved in achieving them, and the ways in which they can be accomplished.”

Débora Molino
Universidad Nacional del
Litoral, Argentina

**Global Citizenship
and Sustainable Futures:
Learning for Change**

“The INU program has allowed me to gain new insight into highly relevant social and political issues from many different cultural perspectives”

Carlynn Loewisch
European University
Viadrina, Germany

**Global Citizenship
and Sustainable Futures:
Learning for Change**

“The Global Citizenship and Sustainable Futures program has been a transformative experience, enriching my academic and personal growth with invaluable global insights.”

Tolstoy Justin
De Montfort University UK

**Global Citizenship
and Sustainable Futures:
Learning for Change**

“Participating in INU's course has given me the chance to dive into the topics that interest me the most, while connecting with likeminded students around the world.”

Maarja Lainevoog,
Hiroshima University, Japan

**Global Citizenship
and Sustainable Futures:
Learning for Change**

“The program is a great opportunity to gain insights on international perspectives and learn how various challenges are addressed differently in different countries.”

Svenja Schröder,
Malmö University, Sweden
